## SPECIAL NOTES:

### OAS 7 and Pegasus Wing Registrations (Total Presets)

All registrations use standard WERSI OAS Longwave Sounds. The OAS 7 instruments have a larger scope of sound mix, so the presets vary between the WERSI OAS 7 product range and the Pegasus Wing product range. However, the core sound is the same and you'll enjoy the fantastic ABBA EasyWave collection.

### PEGASUS WING Loading Instructions.

Please refer to your User Manual if you are unsure how to load Presets or MP3 Audio Files. If you are already familiar with the process, then load your presets and MP3 into the User area of your choice.

### ABBA GOLD MUSIC BOOK

ABBA GOLD Music for Piano/Vocal/Guitar is available from all good sheet music / music shop stockists. The Music Book is still in print and contains the majority of the songs featured in this pack. Additionally, ABBA EASY WAVE Volume 2 will be available this year, and additional to the ABBA GOLD music book, a 2nd music book is available. This book is called 'More Abba Gold'.

We would recommend that customers consider purchasing these separately, however we must advise that the sheet music is printed in the original keys that the Abba Studio Albums were written in, and therefore you should be of a sufficient playing standard to play 'all the black notes'.
