Notes From Brett Wales

Dear WERSI customers,

i'm pleased to present the first of my exclusive Software Editions for you. This software accompanies my CD recording 'SOLO', which can be purchased from my website or by calling WERSI Direct Ltd on 0800 084 2013.

When you select a preset, don't forget to use the 'Tempo-Mat' feature so that the Style Tempos are automatically set for you by the OpenArt-Arranger.

To do this, press 'Acc' tab at the top of the main display. Then press the 'TempoMat' box so that a Tick appears. Go back to the main display, load the style that accompanies the song and hey presto, the correct Tempo is also loaded for you! .

Happy playing,

Brett Wales
