Drawbar

Collection Vol. 2

Congratulations!

Your new WERSI OAS software expansion pack 'Drawbar Collection Vol.2'. This is the sequel to the massive software hit 'Drawbar Collection Vol.1' software.

OK, so you probably now want to get started. Please follow the loading instructions below:

Loading Instructions:

Registrations (Total Presets)
1. Insert your CD/DVD or USB device into the CD/DVD or USB drive.
2. Press the 'Settings' tab at the top right corner of the Main Display.
3. Press the 'OAS Database' Button in the central column of buttons.
4. A new small window will appear. Press the button marked 'Total Preset Manager' at the bottom of the centre of the new window.
5. The Total Manager will now be displayed.
6. Press the 'Import' button.
7. Select the 'Drive' that is your instruments CD/DVD or USB drive.
8. Once you have selected your CD/DVD or USB drive, the Drawbar Collection Vol.2 Registration Total Presets will be displayed. Press the 'Select All' button.
9. Now that the Total Presets are highlighted in Red, press the 'Load' button.
10. A new window will be displayed. Please select a free slot to save the Drawbar Collection Vol.2 Total Preset Registrations and press 'Save'.
Please be aware that any Total Presets that currently occupy any of the slots that you select, will be overwritten. Please take care to select only free / vacant slots.

Registration Recall Using Quickload
1. From the Main Display press the 'Quickload' button.
2. Press the 'Presets' button at the top of the screen (Left hand side)
3. Make sure that you have 'User Presets selected for the menu displaying the Preset content of your OAS instrument.
4. Scroll down to the new Drawbar Collection Vol.2 registrations' in the slots that you have saved them to.
5. Select the Total Preset registration from the list and press the large 'Load' button in the bottom right hand corner.
Using 'Easy Preset'
1. From the Main Display press the 'Easy Preset' button.
2. Select the User Bank on the right hand side to navigate to the new registration Total Presets.
3. Simply select the desired registration displayed on the Easy Preset display for the entire instrument to be loaded instantly!

PLEASE NOTE: This registration software pack makes use of OX7 Drawbar sound generators, OAS Drawbars & Longwave samples. The Rotor button will only have effect on OX7 (When the Rotor function sound control in the Drawbar button group is activated' and OAS Drawbars. Sample sounds use the Modulation Wheel for the slow / fast control of rotor.

MODULATION WHEEL TIP: The Modulation Wheel also controls the OX7 Distortion Amp effect for OX7 Drawbar sounds. If you hear a distortion on your OX7 sounds, pull the Modulation Wheel back to it's lowest position in order to deactivate the effect.

Registration Total Presets

80's WERSI DB
Typical WERSI Digital Organ sound from the hey day in the 1980's

Blues Organ 1
