Great Organs

Congratulations on purchasing the new '**Great Organs**' software. This new software has been created and programmed by the WERSI professionals in Windsor, England.

Our OAS instruments contain pure and raw Sacral Organ sound samples in the optional expansion package 'Sacral Organs'. In consultation with professionals, we've created this new expansion to use the sounds of the Sacral organ package. Consulting real church organists and professionals, WERSI Direct Ltd have created possibly the most authentic pipe organ sounds to ever be heard on a WERSI, or dare we say and Electronic organ!

IMPORTANT! This software only works with the OAS 7 software expansion pack 'Sacral Organs'.
