

# Real Saxophones

## Real Saxophones

Congratulations on purchasing the new 'Real Saxophones' software.

Customers have been requesting a Saxophone package for some time now, and we're proud to present our new software to you to fulfill your request, and of course enhance your OAS sound library!

**IMPORTANT!** This software only works with the OAS 7 software R7.42 upwards. You must burn this software to CD or copy to USB device. Contact WERSI Direct Ltd if you require a free OAS 7 software upgrade to the latest standard. We always recommend customers to be on the latest OAS 7 software revision to maximise compatibility.

## Loading Instructions

### Style Loading Instructions

#### Loading Accompaniments from CD/DVD/USB.

1. Insert your CD/DVD or USB device into the CD/DVD or USB drive.
2. Press the 'Settings' tab at the top right corner of the Main Display.
3. Press the 'OAS Database' Button in the central column of buttons.
4. A new small window will appear. Press the button marked 'Total Preset Manager' at the bottom of the centre of the new window.
5. The Total Preset Manager will now be displayed (Baby Blue background)
6. Press the 'Import' button.
7. Select the 'Drive' that is your instruments CD/DVD or USB drive.
8. Navigate to the **Real Saxophone** Folder using the 'Change Directory' button.
9. The Total Presets are now displayed.
10. Press the 'Select All' to select all 20 Total Presets.
11. Press the 'OK' button.
12. You will be presented with free User Style Slots. Select a free slot.
13. Create a new Group called 'Real Saxes' before you actually load the Total Presets. This will allow you to access the new Total Presets in an easy fashion once loaded.
14. Now press 'OK' button.

**Your new Total Presets are now loaded and a prompt box will advise you of this.**

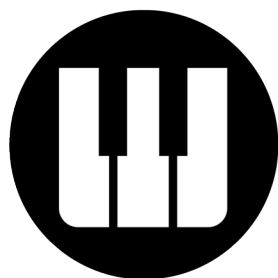

**Use the Quickload button on the main display to load your Total Presets. When using the Quickload function, use the groups to quickly navigate to the Total Presets, as they should now be stored in the group 'Real Saxes' if you followed the loading instructions correctly.**

1. Select the Total Preset from the right hand side menu and press the pink 'load' button.

Your Total is now loaded and is ready to be used! Also, press the 'Easy Preset' button to see all of the registrations on screen!
