

## Theatre Organ Magic Registrations Vol.1

Congratulations on purchasing the new 'Theatre Organ Magic Registrations Vol.1' software. A library of new registrations have been compiled to showcase the Theatre Organ expansion in OAS 7. Very often people want to be able to just sit down at their instrument, select a registration and play.

WERSI Direct are very pleased to present the first title in the new Registration Software series.

**IMPORTANT!** This software will only work in conjunction with an already activated 'Theatre Organ' sound expansion in OAS 7. Do not attempt to use these registrations without the Theatre Organ sound expansion as they will not work and may cause unexpected errors within OAS when used without the required Theatre Organ sound activation.

### **Sound Control - Theatre Organ Tremelo**

All Theatre Organ sounds from the 'Theatre Organ' sound activation includes a set of 6 sound controls. The Sound Controls of the OpenArt-System are advanced settings that allow you to instantly make changes to a sound that you have selected. The Theatre Organ 'Sound Control' features two settings for playing of the Theatre Organ sounds. The two sounds are 'Tremelo / Tremelo Depth' & 'Tremelo Speed'. *(Please note that on some sounds Tremelo Depth is simply referred to as 'Tremelo'. They control the same setting / effect matrix).*

**Tremelo Depth can be set from a value of 0 to 127.** The value of 0 represents the raw sample minus any additional Tremelo Control). As you increase the value from 0 upwards, the intensity of the Tremelo effect increases, creating the real life sound of the Theatre Organ sound chamber.

**Tremelo Speed can be set from a value of 0 to 127.** The value of 0 represents a stopped Tremelo rota speaker / shutter. Increasing the value from 0 upwards results in the Tremelo speed increasing. As a rough guide to the values of the Tremelo Speeds we have provided a simple but easy to use outline of the Tremelo speed values: **0 = Stopped. 28 = Slow 64 = Medium 96 = Fast 127 = Very Fast.**

### **Theatre Barton Brass Full**
